Local Agencies and Support List: CATSKILL CENTRAL SCHOOLS

Local Agencies & Supports

During this time, it can be very difficult to sift through and find local agencies and support needed in your community. Below is a list of resources and outreach groups that you may find helpful in the Catskill NY community. We have provided additional supports in the surrounding area of Ulster County to expand your resource options.

Essential Workers Childcare

1. The Office of Children and Family Services and the Cuomo Administration have developed a plan to provide child care to essential workers at no cost to the worker. [This allocation of funding comes to the state from the federal Coronavirus Aid, Relief, and Economic Security Act \(the "CARES Act"\), which has provided our state with \\$163.6 million in emergency relief to the child care system.](#)
2. Child Care Resource and Referral Agencies (CCRAs) provide services to parents and daycare providers in every county of New York State. [If you are looking for child care, the CCRA in your county is a great place to start.](#) They will ask you about the kind of care you are looking for, the ages of your children, the hours of care you need and other specifics such as any special needs your child might have. Based on that information, they will be able to give you a list of providers that most closely meet your needs.
