BUDGET GOALS FOR 2022 - 2023:

- Create a budget that grows programs, maintains appropriate levels of staffing and continue to offer a quality instructional program to students who have various educational needs.
- Ensure the estimates in the proposed budget includes estimates of appropriations based on actual needs.
- Use available information on state and local revenues and estimate expenditures.
- Form estimates using conservative methods to maintain the fiscal stability of the district.

BUDGET PRIORITIES FOR 2022 - 2023:

- Ensure that our students have the appropriate level of teachers, support staff, social workers, guidance counselors and administrators in each building.
- Continue high quality professional development including focus on project based learning, technology, and special education.
- Continue with the current levels of extra-curricular activities and sports offerings for students.
- Maintain our summer remediation program at our Elementary and Middle Schools.
- Maintain our Pre-Kindergarten and Kindergarten programs at CES.
- Maintain the same level of funding for books, supplies and materials.
- Continue to subscribe to the CTE program offerings at Questar III BOCES, Tech Valley and Bard Early College.

REVENUES

State Aid has been budgeted based on the adopted New York State Budget dated April 2022 and is above the 2021-2022 budgeted level, at an increase of approximately 7.96%. This is due to the 3% increase in Foundation Aid and also the increase in building aid.

The District's cash flow is regularly updated and available funds are invested to generate interest revenue. Although interest rates on all types of fixed investments have been low for the last several years, the district has aggressively been investing idle cash, therefore generating an increase in interest income.

The District is legally allowed to retain no more than 4% of the 2022-2023 Budget as unappropriated fund balance. In order to decrease the unappropriated, unreserved fund balance, a fund balance to support the 2022-2023 budget is anticipated in the amount of \$3,361,796.

The District receives monies from two (2) PILOT (Payment in Lieu of Taxes) agreements that exist with the Greene County Industrial Development Corporation. The resulting PILOT payment amounts to \$3,466,754 for the 2022-2023 budget.

In response to legislative efforts to encourage greater cost sharing in service provision and local government administration, we now provide a section for districts that share administrative staff to highlight these efforts for the upcoming school year. Each sharing district should identify in the form the other district(s) with which they will be sharing administrative staff for school year 2022-2023.

If you will be sharing a Superintendent, list the other district (or districts) in the text box. If you will be sharing other administrative staff required to be reported, please send an email to EMSCMGTS@nysed.gov indicating the title of the staff persons(s) as well as the other district(s) involved in the cost-sharing.

The salaries, benefits and other compensation reported in the form should reflect only the financial support or commitment that your district will be making. They should not reflect the total amounts budgeted to be paid by all participating districts over the school year.

Official - as of 04/13/2022 02:38
PM

****Please use Chrome or Firefox browsers when entering the Business Portal to complete the PTRC. Internet Explorer is NOT recommended.****

Note: Some data elements of the Property Tax Report Card have been revised or renamed to more closely follow the Property Tax Cap calculations districts complete on the Office of the State Comptroller website. Please see the Help text above for definitions. Additional guidance on the Property Tax Levy Limit is available on the Office of Educational Management Services website:
<http://www.p12.nysed.gov/mgtserv/propertytax/taxcap/>.

Please also submit an electronic version (PDF or Word) of your school district's 2022-23 Budget Notice to: emscmgts@nysed.gov. This will enable us to help correct any formula or data entry discrepancy quickly.

Notice: The Enacted Budget allows school districts to establish a reserve fund for NYS Teachers' Retirement System Contributions, effective immediately. This reserve, if applicable, should be reported in the Schedule of Reserves under 'Other Reserve' and with a description that says: "To fund employer retirement contributions to the New York State Teachers' Retirement System (TRS)."

Report View One: How Much is Being Spent on Instruction and Administration?

For traditional school districts, school level data (entries A through D) represent the average per pupil school level expenditures for all schools in the district. For charter schools, these entries reflect school level expenditures for the particular charter school only. Entries E through H reflect central expenditures.

Total spending (entry I) represents all non-excluded per pupil expenditures. For traditional school districts, this represents the average per pupil expenditures of all schools in the district. For charter schools, this represents per pupil school level expenditures.

Report View Two: How are the Local/State and Federal Funds Spent?

Report View Two presents the same expenditures reported in View One, but disaggregates that spending by local/state/federal/other revenue source.

For traditional school districts, school level data (entries J and K) represent the average per pupil school level expenditures for all schools in the district. For charter schools, these entries reflect school level expenditures for the charter school. Entries L and M reflect central expenditures.

Total spending (entry N) represents all non-excluded per pupil expenditures. For traditional school districts, this represents the average per pupil expenditures of all schools in the district. For charter schools, this represents per pupil school level expenditures.

Detailed Spending: How Much is Spent Per Pupil in Selected Program Areas?

Program Area Details in entries O through Z represent subsets of spending in Report View One and Report View Two. Five program areas are broken out. To calculate per pupil expenditures P-12 enrollment is used for pupil services, community schools programs, and BOCES services. Enrollments for the program areas are used for special education, ELL services, and prekindergarten.

Entries O through T represent school level expenditures. For charter schools, data represents per pupil expenditures in each of category in the selected school. For traditional school districts, data under the district column represent the district average of all schools in each of these categories.

Entries U through Z represent central expenditures.

School Report Card Data

CATSKILL CSD - NEW YORK STATE REPORT CARD [2020 - 21]

The New York State Report Card is an important part of the Board of Regents' effort to create educational equity and raise learning standards for all students. Knowledge gained from the report card on a school's or district's strengths and weaknesses can be used to improve instruction and services to students. The report card provides information to the public on school/district staff, students, and measures of school and district performance as required by the Every Student Succeeds Act (ESSA). Fundamentally, ESSA is about creating a set of interlocking strategies to promote educational equity by providing support to districts and schools as they work to ensure that every student succeeds. New York State is committed to ensuring that all students succeed and thrive in school no matter who they are, where they live, where they go to school, or where they come from.

Due to COVID-19 and changes to New York State testing, accountability, and federal reporting requirements, 2021-22 district and school accountability statuses are the same as those assigned for the 2020-21 school year. For informational purposes, accountability graduation rates and chronic absenteeism data are reported. August 2020, January 2021, and some June 2021 Regents examinations were canceled. For more information, please see the NYSED Waiver Memorandum and NYS Board of Regents Announcement.

2021-22 ACCOUNTABILITY STATUS

Due to COVID-19 and changes to New York State accountability and federal reporting requirements, 2021-22 district and school accountability statuses are the same as those assigned for the 2020-21 school year.

GRADES 3-8 ENGLISH LANGUAGE ARTS RESULTS (2020-21)

Due to the extraordinary circumstances related to the pandemic, approximately 4 out of 10 enrolled students participated in state assessments in 2020-21. Because only 40% of students' results are available, state assessments are not representative of the state's student population and the results should not be compared statewide or by statewide subgroup or with prior year's results. District and school level performance data, as well as the number and percentage of students who tested and did not test, are available for 2020-21. However, depending on the percentage of students that took the tests in a given school or district, the school and district's results may not be representative of that school or district's student population.

GRADE 5 ELA RESULTS

Due to the extraordinary circumstances related to the pandemic, approximately 4 out of 10 enrolled students participated in state assessments in 2020-21. Because only 40% of students' results are available, state assessments are **not representative** of the state's student population and the results **should not be compared** statewide or by statewide subgroup or with prior year's results. District and school level performance data, as well as the number and percentage of students who tested and did not test, are available for 2020-21. However, depending on the percentage of students that took the tests in a given school or district, the school and district's results may not be representative of that school or district's student population.

GRADE 5 MATH RESULTS

Due to the extraordinary circumstances related to the pandemic, approximately 4 out of 10 enrolled students participated in state assessments in 2020-21. Because only 40% of students' results are available, state assessments are not representative of the state's student population and the results should not be compared statewide or by statewide subgroup or with prior year's results. District and school level performance data, as well as the number and percentage of students who tested and did not test, are available for 2020-21. However, depending on the percentage of students that took the tests in a given school or district, the school and district's results may not be representative of that school or district's student population.

TOTAL COHORT REGENTS EXAMINATION RESULTS

A High School Cohort consists of all students who first enter grade 9 anywhere or, in the case of ungraded students with disabilities, reach their seventeenth birthday in a particular school year (July 1 - June 30). The "year" used to identify the cohort is the year in which the July 1 - December 31 dates fall. Results are reported four years after these students first enter grade 9.

Due to COVID-19 and changes to New York State testing requirements, June 2020, August 2020, January 2021, and some June 2021 Regents examinations were canceled. June 2021 Regents Examinations in ELA, Algebra I, Living Environment, and Physical Setting/Earth Science were offered. Caution should be used when comparing 2020-21 Regents examinations results with those from prior years.

NEW YORK STATE ENGLISH AS A SECOND LANGUAGE ACHIEVEMENT TEST (2020-21)

New York State English as a Second Language Achievement Tests (NYSESLAT) are administered in grades K through 12 to all English Language Learners (ELLs). ELLs are students who, by reason of foreign birth or ancestry, speak or understand a language other than English and speak or understand little or no English, and require support to become proficient in English and are identified pursuant to Section 154.3 of Commissioner's Regulations.

Due to COVID-19 and resulting changes to New York State testing requirements, 2020-21 assessment data may be incomplete and/or not representative of the State, district, or school population. Caution should be used when comparing 2020-21 NYS standardized assessment results with those from prior years.

NEW YORK STATE ALTERNATE ASSESSMENT (2020-21)

New York State Alternate Assessments (NYSAA) are administered to ungraded students with severe cognitive disabilities whose ages are equivalent to graded students in grades 3 through 8 and high school level.

Due to COVID-19 and resulting changes to New York State testing requirements, 2020-21 assessment data may be incomplete and/or not representative of the State, district, or school population. Caution should be used when comparing 2020-21 NYS standardized assessment results with those from prior years.
