CATSKILL CENTRAL SCHOOL DISTRICT

5300 DISTRICT CODE OF CONDUCT

INTRODUCTION

The Catskill Central School District is committed to maintaining high standards of education for students in the schools. Because the District believes that order and discipline are essential to being educated effectively, the District is also committed to creating and maintaining high behavioral standards and expectations. An orderly educational environment requires that everyone in the school community play a role in contributing to an effective environment. It also requires the development and implementation of a code of discipline that clearly defines individual responsibilities, describes unacceptable behavior, and provides for appropriate disciplinary options and responses.

The parent/guardian is expected to assume primary responsibility for control of his or her child. The parent/guardian may be called upon to actively cooperate with the school in providing the necessary structure to promote his or her child's social and educational growth. To this end, a high degree of parent-school communication will be fostered by the school.

The District believes that order and discipline must be a shared responsibility between school, home and community. This Code of Conduct was developed in collaboration with student, teacher, administrator and parent organizations, school safety personnel and other Board-approved school personnel. Finally, it is our belief that, to be effective, such a code must:

- identify, recognize and emphasize acceptable behavior;
- identify, recognize and prevent unacceptable behavior;
- promote self-discipline;
- consider the welfare of the individual as well as that of the school community as a whole;
- promote a close working relationship between parents/guardians and the school staff,
- distinguish between minor and serious offenses, as well as between first time and repeated offenses;
- provide disciplinary responses that are appropriate to the misbehavior;
- outline procedures to ensure that it is administered in a way that is fair, firm, reasonable, and consistent;
- encourage a high regard for every person's right to reasonable hearing procedures and due process when accused of misconduct;
- comply with the provisions of federal, state and local laws, as well as the guidelines and directives of the New York State Department of Education and the Board of Regents.

A school's primary concern in establishing a code of discipline is to enable our young people to become responsible, respectful and caring citizens within the school and community settings. The Board of Education is responsible for ensuring that essential regulations are established and adequate discipline is maintained in the operation of the schools to effectively promote safety, as well as the social and educational growth of the students. Administrative regulations are developed and enforced by the school administration and staff.

Disciplinary measures available to the administration of each school building include conferences, detention, in-school suspension, out-of-school suspension and administrative hearings with the designated hearing officer. Administrative hearings can result in out-of-school suspensions of more than five days and, in particularly serious cases, a student may be permanently suspended from school.

Only students within the compulsory education ages (age six through the school year in which the student turns 16) are entitled to alternative, equivalent instruction following suspension.

For example, a student or staff person engages in bystander misconduct when, although they do not initiate or directly participate in misconduct or an altercation with another person, they watch and/or objectively allow, electronically record for the purposes of promoting the event, and/or share, or promote a preventable incident or conflict to take place or continue by failing to take action to immediately seek help and/or intervention from school employees and/or authorities and/or through their words or actions they encourage participant(s) in misconduct to engage in or to continue the conduct. CELL PHONES & OTHER PERSONAL ELECTRONIC COMMUNICATION DEVICES

The District recognizes that there are personal electronic devices that have educational applications such as calculators, voice records, digital cameras, and musical listening devices. In some instances a “smart phone” may include applications that permit these functions. These devices shall be allowed to be used in classrooms only when they are included as part of a lesson under the direction of a teacher.

The District acknowledges that cellular phones, pagers and 2-way communication systems can be a positive means to facilitate communication; however, display and/or use of such devices can cause disruption to the educational process.

Therefore to prevent such disruption, the display and/or use by students of cellular phones (including “smart phones”), pagers, 2-way communication systems other electronic devices, and/or their accessories shall be prohibited from the time students arrive at school until the end of the regular school day, unless specifically permitted to be used by a teacher or administrator. Such devices must be turned off and stored out of sight during this time period. The District is not responsible for stolen, lost or damaged personal electronic devices.

The use of the camera and audio recording functions of a personal electronic device is strictly prohibited, which includes using a cell phone or recording device to record physical and verbal altercations. The use of such devices during class, when not specifically permitted by the teacher, will be considered cheating, and a grade of zero will be issued for that day's class activity (such as class work, quiz or examination). Unauthorized posting of activities on the internet is prohibited.

Use of Cell phones and other personal electronic communication devices not in accord with this policy shall result in the confiscation of the device. Upon the first offense, item(s) will be returned at the end of the day. Upon subsequent offenses, confiscated items will only be returned directly to parents. Consequences for continued offenses will include detention(s) and/or suspension(s). All unclaimed confiscated items will be discarded by June 30th of the current year.

CATSKILL CENTRAL SCHOOL DISTRICT

Admission to the test will be prohibited to any student who has a cell phone or other electronic device in their possession and does not relinquish it. Students with individualized education plans (IEPs), 504 Plans, or documentation from a medical practitioner that specifically requires the use of an electronic device may do so as specified.

The District will not be liable and as such will not pay for, reimburse or provide a replacement for any lost or stolen communication or electronic device(s). The District will not disrupt the instructional day to search for, allow the searching for or make announcements regarding lost or stolen communication or electronic device(s).

REMOVAL OF A STUDENT FROM THE CLASSROOM

The School District has determined that certain acts of misconduct interfere with instruction and/or the safety and welfare of students and staff. Although some incidents of misconduct may require removal from the classroom or suspension from school, effort will be made to deal with misconduct without removal from the classroom or suspension from school. This is in keeping with the District goal of avoiding consequences that interrupt or interfere with learning. However, no child will be allowed to continue disrupting the instruction of the class or interfering with the safety of the school, its staff, students and visitors.

Teachers shall have the authority to remove a student from their classrooms whenever the student substantially disrupts the educational process or substantially interferes with the teacher's authority over the classroom. "Substantially disruptive" shall mean that the course of instruction has to be discontinued more than momentarily such that it breaks the continuity of the lesson, to address the disruptive conduct of the student. "Substantially interferes" with the teacher's authority over the classroom shall mean that the student has been insubordinate to the teacher in the presence of the class and has failed to obey the teacher's directives to cease and desist (e.g., at least two directives).

A teacher may remove a student for the remainder of the class upon the first event and for two days of class upon the second or third event. Upon the occurrence of a fourth event, a Principal's suspension may occur.

Notwithstanding the above, in light of circumstances that warrant suspension, a Principal's suspension for substantially disruptive behavior may be implemented in addition to or in lieu of removal of the student from the classroom by the teacher.

Once the teacher determines that the student has been substantially disruptive or substantially interferes with the teacher's authority over the classroom:

- the teacher must confront the student in class (or within 24 hours of removal where the student is unmanageable at the time of initial removal) to inform the student of the reason(s) for the removal;

CATSKILL CENTRAL SCHOOL DISTRICT

- prior to removal from the classroom (or within 24 hours of removal where the student presents an ongoing threat of disruption or a continuing danger at the time of removal), the teacher shall inform the student of the basis for the removal and allow the student to informally present his/her version of the relevant events;
- the Building Principal or designee must be notified immediately, in writing, by the teacher of the student's removal from the teacher's class;
- the Building Principal or designee must inform the student's parent of the removal and the reasons therefore within 24 hours of the student's removal;
- Upon request, the student and his/her parent must be given an opportunity for an informal conference with the Principal or designee to discuss the reasons for removal. If the student denies the charge(s), the Principal or designee must provide an explanation of the basis for the removal and allow the student and/or his/her parent an opportunity to present the student's version of the relevant events within 48 hours of the student's removal;
- the Principal or designee may not set aside the removal unless s/he finds that the charges against the student are not supported by substantial evidence or the student's removal otherwise violates law or the conduct warrants suspension from school and a suspension will be imposed;
- the Principal's/designee's determination on whether or not to support the teacher's removal of the student shall be made by the close of business on the day succeeding the 48-hour period for the informal Principal's removal conference. The teacher who causes the removal may be required to attend the Principal's conference at the Principal's discretion.

The District shall provide continued educational programming and activities for students who are removed from their classrooms.

An appeal brought by the parent or student over the age of 18 of a Principal's removal decision must be presented to the Superintendent of Schools prior to any further appeal.

STUDENT SUSPENSION PROCESS

The Board of Education, District Superintendent, Superintendent of Schools, a Building Principal or in his/her absence, an acting Building Principal, may suspend a student from school where it is determined that the student:

- is insubordinate or disorderly, or exhibits conduct which endangers the safety, morals, health or welfare of others; or
- exhibits a physical or mental condition(s) which endangers the health, safety or morals of himself/herself or of other students; or
- is removed from a classroom for substantially disrupting the educational process or substantially interfering with the teacher's authority in the classroom four or more times in one semester.

In addition to the statutory grounds for suspension from school for conduct or health condition, students shall also be subject to suspension based upon a violation of the specific disciplinary infractions listed below.

A. Pre-suspension Process

CATSKILL CENTRAL SCHOOL DISTRICT

Prior to being suspended from school, the student shall be confronted by a school official empowered to suspend, as referenced above, at which time the evidence upon which the decision to suspend is based shall be stated to the student and the student shall be given the opportunity to explain his/her version of the facts. If it is not possible to confront the student prior to his removal from school premises, this confrontation shall take place as soon thereafter as is practicable. The student shall also be afforded the right to present other persons to the suspending authority in support of his/her version of the facts. If the student's presence in the school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process the student shall be subject to immediate suspension, provided that the confrontation as described above occurs. such confrontation shall occur following suspension, as soon thereafter as is reasonably practicable. In all other cases, there shall be no suspension until after the informal Principal's conference, unless waived, as described in paragraph "B", below.

The pre-suspension process set forth above shall apply in the case of an in-school suspension. The provisions of Paragraph "B" below are applicable to in-school suspensions. The student parent or guardian(s) shall be promptly notified of any in-school suspensions.

B. Short Term Suspension Process

Prior to a proposed suspension from school for between one and five days by a Building Principal or an acting Principal in the absence of the Building Principal, the student and his/her parent shall be notified, in writing, by personal delivery, express mail or overnight service, and by telephone, if possible, within 24 hours of the decision to propose suspension. Such written notice shall include a description of the incident(s) resulting in the suspension and shall inform the parent of their right to request an immediate informal conference with the Principal at which the student and/or his/her parent may present the student's version of the event and ask questions of complaining witnesses. Upon such request, an informal conference with the Principal and other parties involved shall be convened as soon as possible, [at which time the evidence, including the witness(es) relied upon by the Principal in making the suspension determination, may be questioned by the parent or guardian.] The right to an informal conference with the Principal shall also extend to a student if 18 years of age or older. The notice and informal conference shall be in the dominant language or mode of communication used by the parent. If the student's presence in the school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process, the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practicable.

Any appeal brought by the parent or student over the age of 18 of a Principal's suspension must be presented to the Board of Education prior to filing any further appeal.

C. The Long-term Suspension Process: Suspension for More than Five Days

Any suspension from school in excess of five school days shall be considered a long-term suspension. Unless there is an agreement between the person requesting the suspension and the parent, a long-term suspension may be done only after the Superintendent of Schools or the Board of Education has conducted a hearing.

When a student is subject to a long-term suspension, a hearing shall be conducted by the Superintendent if the Building Principal, acting Building Principal or the Superintendent has made the original suspension or before the Board where that body has made the original suspension. The Superintendent of Schools or Board of Education may designate a Hearing Officer to make findings of fact with respect to the charges of infractions under this code of conduct, as well as penalty recommendation pursuant to the penalty parameters described herein.

D. Hearing Procedures

Notice of Hearing

In the event of the suspension of a student under the age of 18 years, the notice of suspension

CATSKILL CENTRAL SCHOOL DISTRICT

will be mailed or delivered to the parent, who shall have a minimum of 48 hours notice of the time and place of the hearing, as well as the nature of the charge(s) and the facts, sufficiently stated so that a proper defense may be placed upon the record on behalf of the student.

In the event of the suspension of a student over the age of 18, the notice, as described above, shall be delivered or mailed to the student, as well as to the student's parent(s), if any. Emancipated minors shall be entitled to the same notice rights as a student beyond the age of 18 years.

All notices of long-term suspension hearings shall contain provisions indicating that the student has the right to be represented by an attorney or lay counsel, that a transcript of the hearing will be prepared (tape recording or stenographic record) and that the student has the right to subpoena witnesses or otherwise present witnesses in his/her defense. The time, date and location of the hearing shall also be prominently set forth in the notice.

If the student is 18 years of age or older, the letter described above will be mailed to the student as well as his/her parents.

The Long-Term Suspension Hearing

The hearing shall be conducted by the Superintendent or a designated Hearing Officer in the event of a suspension by a Building Principal, acting Building Principal; or the Superintendent. The hearing shall be conducted by the Board or its designated Hearing Officer in the event that the suspension originated by Board action.

At the beginning of the hearing, the Hearing Officer shall inform the student and the student's representative(s):

- that the District's and the student's representatives shall have the right to examine and cross-examine witnesses;
- that the student has the privilege against self-incrimination, but that if the student does testify, s/he shall be subject to cross-examination;
- that the District has the burden of proving the charges by a preponderance of the credible evidence;
- that a transcript of the proceedings shall be maintained and made available to the student's representative upon request; and
- that the hearing shall be private or open to the public, as determined by the student's representative.

The person conducting the hearing shall not have intimate knowledge of the details of the charges to assure an impartial, unbiased hearing of the case.

The Hearing Officer shall inform the parties:

- that the case will proceed by having the District present its evidence through witnesses and other evidence first;
- that the District's witnesses shall be subject to cross-examination by the student's representative; and
- that the student will then have the opportunity to present witnesses on his/her behalf, subject to cross-examination by the District's representative.

Following the conclusion of the testimony and the introduction of other evidence matters, the parties shall be afforded the opportunity to present oral arguments to the Hearing Officer indicating the reasons why the charges should be sustained or dismissed.

The Hearing Officer shall then reach findings of fact upon the charges.

In the event that one or more of the charges is sustained, the Hearing Officer shall then entertain statements from the parties regarding the appropriate penalty outcome. In the event that the parent and/or the student, in an appropriate case, have been served with a copy of the student's past disciplinary anecdotal record in a timely fashion (at least 48 hours before the hearing), for consideration at the hearing, such record may be considered by the Hearing Officer in determining an appropriate penalty. The incidents contained within the past anecdotal record shall be subject to proof to the extent that they are denied by the student, as expressed by the student's representative.

CATSKILL CENTRAL SCHOOL DISTRICT

The Hearing Officer, upon the conclusion of the portion of the proceedings dealing with penalty determinations, shall make findings of fact and penalty recommendations, if any, to the person or body which designated him/her immediately upon the conclusion of the long-term suspension hearing.

The Superintendent or Board, whichever designated the Hearing Officer, shall make its own findings of fact and penalty decision, by adopting those of the designated Hearing Officer, where applicable, in whole or in part, or by reaching independent findings of fact and penalty determinations. This process shall be concluded within the five school day period from the time of the initial suspension if the student is to be continuously suspended. The decision may be communicated to the student's representative and/or student (where over the age of 18) beyond the five school day period in cases where the student has been reinstated to attendance in school pending the final determination on the charges and penalty by the Superintendent or the Board, in cases to be decided by them, respectively.

Alternative Instruction

Pursuant to the Education Law, no student shall be suspended from school in his/her regularly scheduled classes without being provided alternative equivalent instruction in an alternative setting. Such instruction shall be of an equivalent nature to that provided in the student's regularly scheduled classes. A good faith effort shall be made to provide such alternative instruction immediately.

In the event that a student within the compulsory education ages of six and the school year in which s/he becomes 16 is suspended from school in excess of five school days, alternative equivalent instruction shall be provided for the duration of the period of suspension.

Appeals Process

The decision of the Superintendent with respect to the findings of fact sustaining charges in a long-term suspension hearing and/or penalty determination shall be subject to appeal [or may be appealed] to the Board of Education. The Board shall review the record of the proceedings before the Superintendent or his/her designated Hearing Officer, including a review of the transcript of the proceedings, documentary evidence and written arguments of the representatives of the respective parties, if any. The Board does not provide the representatives of the respective parties with the opportunity either to present evidence not previously in the record or to make arguments in person before the Board.

In the event that the initial long-term suspension hearing was conducted by the Board or its designated Hearing Officer, or where the Board has ruled on an appeal from a Superintendent's long-term suspension hearing, the matter may be further appealed.

E. Self Defense

Physical assault and fighting are not allowed. Those who are involved in such physical altercations will be subject to disciplinary action. All circumstances of self-defense will be taken under consideration by administration. Self-defense is using reasonable force against another when and to the degree a person reasonably believes the force is immediately necessary to protect him or herself or others. Fighting after staff intervention is prohibited.

F. Off-Campus Misconduct

A student may be subject to discipline for conduct constituting a crime which is committed off of school premises or at non-school sponsored activities to the extent that the Superintendent of Schools and/or Board of Education believes that the continued attendance in school of the student would constitute an endangerment to the health, safety, welfare or morals of the student and/or others in our schools.

G. Dress and Grooming

Students are expected to dress and groom themselves in an appropriate manner. Student must be dressed in appropriate clothing and protective equipment as required for physical education classes, participation in athletics, science laboratories and home and careers skills classes.

CATSKILL CENTRAL SCHOOL DISTRICT

The following are considered to be inappropriate dress, grooming and appearance and are prohibited in school or at school functions:

- any dress or appearance which constitutes a threat or danger to the health and safety of students (e.g., heavy jewelry, chains, or jewelry with spikes which can injure the student or others);
- any form or article of clothing, designed primarily for outdoor use, while attending class or before/after school indoor (e.g., parkas, rain or trench coats, vests, etc.)
- any dress or appearance which is vulgar, lewd, obscene or indecent or profane or which exposes to sight the private parts of the body (e.g., t-shirts with a phallic symbol and messages consisting of sexual metaphors; see-through garments, extremely plunging necklines or waistlines);
- any dress or appearance which encourages or advocates the use of illegal drugs, alcohol and/or tobacco;
- any dress or appearance which advocates or encourages other illegal or violent activities;
- any dress or appearance which advocates discrimination or denigrates others based upon race, color, creed, religion, national origin, gender, sexual orientation or disability;

- pants/trousers worn off waist or the pants crotch at knees are prohibited if undergarments not covered or if it presents a health and safety issue

H. HARASSMENT AND INTIMIDATION

The Board of Education is committed to providing a safe and productive learning environment within the District. Harassment and intimidation of or by students, faculty, staff, or visitors are strictly prohibited on school property, in school buildings, on school buses, and at school sponsored events and/or activities whether occurring on or off campus.

Faculty and Staff

Personnel at all levels are responsible for maintaining a climate of mutual respect and dignity for all students regardless of actual or perceived race, color, weight, national origin, ethnic group, religious practice, disability, sexual orientation, gender (identity or expression) or sex, which will strengthen students' self-concept and promote confidence to learn. Any school employee who witnesses harassment, bullying or discrimination, or receives an oral or written report of harassment, bullying or discrimination, shall promptly orally notify the principal or Superintendent, or their designees, not later than one (1) school day after the employee witnesses or receives such report; and shall file a written report with the principal or Superintendent, or their designees, within two (2) school days after making such oral report.

Bullying Behavior

Bullying of a student by another student is inappropriate and can be considered harassment. Bullying involves a real or perceived imbalance of power, with a seemingly more powerful student or group attacking a seemingly less powerful student or group. Bullying can take several forms such as:

- Physical (including, but not limited to hitting, kicking, spitting, pushing, taking personal belongings)
- Verbal (including, but not limited to taunting, malicious teasing, name calling, making threats)
- Psychological (including, but not limited to spreading rumors; manipulating social relationships; or engaging in social exclusion, extortion, or intimidation)
- Electronic (including but not limited to the use of cyber tools to deliberately harass, humiliate, embarrass, threaten, target, or intimidate someone)

Bullying is characterized by:

- Power Imbalance: A bully uses his/her physical or social power over a target.

CATSKILL CENTRAL SCHOOL DISTRICT

- Intent to Harm: A bully seeks to inflict physical or emotional harm and/or takes pleasure in this activity.
- Threat of Further Aggression: The bully and the target believe the bullying will continue.
- Terror: The bullying increases and becomes “systematic violence or harassment used to intimidate and maintain dominance.” (Barbara Coloroso, *The Bully, The Bullied, & The Bystander*, 2003)

All types of bullying behaviors are violations of the Code of Conduct and shall be dealt with immediately with appropriate discipline. Persistent psychological bullying can easily become harassment and as such may be considered for disciplinary action.

It is important to note that a single negative act as enumerated above may also constitute "bullying" based upon the particular circumstances such as the seriousness of the act and/or the intent of the perpetrator.

Students are encouraged to immediately report any act of bullying to a staff member. The building administration shall investigate any such complaint and take appropriate action. Such action may include disciplinary action and/or referral to school counselors.

Personnel at all levels are responsible for taking corrective action to prevent bullying behavior of which they have been made aware at School District sites or activities and/or reporting such behavior as set forth.

Prevention, intervention, and aftercare initiatives at the District, building, and classroom levels will be implemented as determined by administration. Individual intervention will be provided by appropriate staff members to bullies, victims, and their parents to help ensure that the bullying behaviors and victimization stops.

Cyber Bullying:

Cyber bullying is the use of cyber tools and informational technology such as social media, e-mail, blogging, instant messaging, text messaging, chat rooms, pagers, or cell phones to deliberately harass, humiliate, embarrass, threaten, target, or intimidate someone. Cyber bullying can include such acts as making threats, sending provocative insults that contain racial or ethnic slurs, gay bashing, or making other inappropriate comments. It might also include attempting to infect the victim's computer with a virus or flooding an e-mail inbox with nonsense messages. Cyber bullying can be disruptive to the academic environment even though it may originate from a personal computer off of school grounds and beyond the school day. Cyber bullying is prohibited behavior that may warrant an appropriate school consequence. Some cyber bullying may be considered cyber-harassment or cyberstalking which may be serious crimes. In some cases, it may be necessary to inform the local police department.

Concerns about bullying in our schools can be addressed to one of our building-level Dignity for All Students Act (DASA) coordinators:

I. Computer and Internet Use

The following prohibited use of District-owned computer drives, network facilities and Internet links may give rise to disciplinary action against users of such equipment and/or facilities:

1. E-mail originating from the school premises or received at the school premises that a student user creates that:
 - is lewd, vulgar, obscene, indecent or inappropriate for student recipients of certain ages;
 - conveys a threat of violence, including sexual violence, to a specific individual or individuals;
 - constitutes a state and/or federal crime;
 - is the cause of or a substantial contributing factor to a substantial interference with the orderly functioning of the school(s);
 - attributes the text of e-mail to school officials or that the text is school endorsed, unless there is such official endorsement or consent from school officials;
2. Internet use that circumvents access restrictions placed upon the District's computer systems by the Board of Education or its administrative designee(s).

4. Permitting the use of a student's computer access code by any other person and such student shall assume responsibility for occurrences in violation of this code of conduct that occurs under the student's access code number.

Social Media

Social Media such as Facebook, Twitter, Instagram, Snapchat and Youtube have increased the ability for communication between and among school community constituent groups. The use of such media can create an increase in communication and access to information and interaction.

With the popularity of Social Media as a means of staying connected in today's world, faculty, staff, students, and parents are advised to clearly distinguish between personal and professional communications in order to maintain confidentiality and professionalism and in order to avoid potential conflicts or the appearance of impropriety.

J. Suspension from Transportation Service

Students may be suspended from transportation services for an infraction or infractions listed herein upon the conducting of an informal hearing by the Superintendent of Schools or his/her designee, at which time the student's parent/guardian or other representative shall be allowed to confront the witnesses relied upon by the District in determining the appropriateness of such suspension of service. If such informal hearing is conducted before the Superintendent's designee, the designee shall make a recommendation to the Superintendent as to the action to be taken.

K. Suspension from Extra-Curricular and Co-Curricular Activities, and School Functions

A student may be suspended from participating in extra-curricular or co-curricular activities (including a sports team) for an infraction of any of the provisions herein, for violating a code of conduct issued to participants in the activity by the activity supervisor or for fighting at games. Upon the request of the student's parent/guardian, the Building Principal shall allow the parent/ guardian or other representative of the student the right to appear before him/her informally, to discuss the conduct which led to suspension from the activity.

If a student is suspended from school pursuant to §3214 of the Education Law, s/he shall not be permitted to participate in any extra-curricular or co-curricular activities, as well as any other school events or activities which take place on the days of suspension (including intervening weekends).

CATSKILL CENTRAL SCHOOL DISTRICT

L. Suspension of Students With Disabilities

In the event that a student has a known disability or when school officials can be deemed to know, in accordance with law, that a student has a disability, the District will first proceed to conduct a §3214 disciplinary proceeding for any suspension of more than five days. The §3214 disciplinary proceeding will be held in two parts, first to determine the student's guilt or innocence on the charges and the second to determine the penalty.

If guilt is determined, before a penalty may be imposed, the following rules shall apply:

§504/ADA Disability

For a student solely with a disability under §504 of the Rehabilitation Act of 1973 ("§504")/Title II of the Americans with Disabilities Act (hereinafter referred to as the "ADA"), the §504 multi-disciplinary committee must make a determination regarding whether the conduct underlying the charges was a manifestation of the student's disability.

1. If a nexus is found between the disability and the conduct, no additional discipline shall be imposed and the record of discipline imposed to date shall be expunged.
2. If no nexus is found, yet a disability is indicated, or has been identified, discipline may be imposed upon remand to the §3214 hearing officer. A change in placement; i.e. a suspension, removal or transfer, in excess of ten (10) school days must be preceded by notice and an evaluation conducted by the §504 team.
3. Students with a recognized §504/ADA disability who are found to be using or in possession of alcohol or drugs may be disciplined, regardless of their disability status in the same manner and to the same extent as non-disabled students, provided that same students are currently engaged in the illegal use of drugs or use of alcohol.

IDEA Disability

For students classified or presumed to have disabilities under the IDEA (a student with an educational disability), a Manifestation Team must make a Manifestation Determination prior to a student's suspension for 10 or more consecutive school days or prior to a suspension of 10 days or less, if it has been determined that a suspension for less than ten consecutive school days would constitute a disciplinary change in placement.

A series of suspensions that are each ten (10) days or fewer in duration may create a pattern of exclusions that constitutes a disciplinary change in placement. That determination will be made on a case-by-case basis in accordance with applicable law and regulation. Among the factors to be considered in making this determination are the length of each suspension, the proximity of the suspensions to one another, and the total amount of time the student is excluded from school.

A student shall be presumed to have a disability if prior to the time the behavior occurred:

CATSKILL CENTRAL SCHOOL DISTRICT

1. The parent or guardian of the child has expressed in writing to supervisory or administrative personnel of the appropriate educational agency or to a teacher of the student that the student is in need of special education, provided that such notification may be oral if the parent does not know how to write or has a disability that prevents a written statement; or
2. The parent of the student has requested an evaluation of the student; or
3. A teacher of the student or other personnel of the District has expressed specific concern about a pattern of behavior demonstrated by the student to supervisory personnel in the District in accordance with the District's child-find procedures.

A student shall not be presumed to have a disability for discipline purposes, despite satisfaction of one or more of the above criteria, if:

1. The parent of the student has not allowed a relevant evaluation of the student by the Committee on Special Education ("CSE");
2. The parent of the student has refused special education services; or
3. It was determined by the CSE or Committee on Preschool Special Education ("CPSE") that the Student is not a student with a disability; or
4. It was determined that an evaluation was not necessary and the District provided appropriate notice to the parents of such determination.

Manifestation Determinations

A Manifestation Team, which shall include a representative of the school district knowledgeable about the student and interpretation of information about child behavior, the parent and relevant members or the committee on special education as determined by the parent and the school district. The parent must receive written notification prior to any manifestation team meeting to ensure that the parent has an opportunity to attend and inform the parent(s) of their right to have relevant members of the CSE participate at the parent's request.

1. When making a manifestation determination, the Manifestation Team shall review all relevant information in the student's file including the student's IEP, any teacher observations and any relevant information provided by the parents to determine if:
 - a. The conduct in question was caused by or had a direct and substantial relationship to the student's disability; or
 - b. The conduct in question was a direct result of the school district's failure to implement the IEP

If either of the aforementioned criteria listed as "a." and "b." above are answered affirmatively, the conduct in question shall be deemed to be a manifestation of the student's disability.

When the Manifestation Team determines that the conduct in question was a manifestation of a student's disability, the CSE shall meet to recommend and conduct a functional behavioral assessment and implement (or modify) a behavior intervention plan in accordance with 8 NYCRR § 201.3 and 201.4(d)(2)(a).

A meeting for the sole purpose of making a manifestation determination does not require five calendar days' notice to the student's parent or guardian. However, if the CSE meets to consider a change in placement in conjunction with the manifestation determination, the five-day notice requirement of §200.5(a)(3) of the Commissioner's Regulations will be applicable.

Discipline of Students With Disabilities When the Manifestation Team has made an Affirmative "Manifestation Finding"

When an educationally disabled student's conduct is a manifestation of the child's disabling condition, a student classified under IDEA may only be suspended from school for more than ten(10) consecutive school days, if one of the following applies:

1. The CSE recommends a change in placement on the student's Individualized Education Plan (IEP) and Behavior Intervention Plan and the parent, guardian or eighteen-year or older student consents to such change in writing following receipt of their Procedural Safeguards Notice.
2. A court order or order from an impartial hearing officer of suspension/removal of a dangerous student pursuant to 8 NYCRR 201.8 is obtained.
3. The violation involves weapons, drugs/controlled substances or serious bodily injury.

CATSKILL CENTRAL SCHOOL DISTRICT

Suspensions for Misconduct Involving Weapons and/or Drugs and/or Serious Bodily Injury

A student classified or suspected of having a disability under IDEA may be suspended and placed in an Interim Alternative Educational Setting ("IAES") for up to forty-five (45) school days (less if the discipline is for a non-disabled student would be less), if the student is found guilty of: 1) carrying or possessing a weapon while at school, on school property or while at a school function; 2) knowingly possessing or using illegal drugs, or selling or soliciting the sale of a controlled substance while at school, on school premises or while at school function; or 3) inflicting a serious bodily injury to another person while at school or a school function.

1. In accordance with law, the term "weapon" means "a weapon, device, instrument, material or substance, animate or inanimate, that is used for, or is readily capable of causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than 2-1/2 inches in length." In accordance with law, the term "illegal drugs" means controlled substances but not those legally possessed or used under the supervision of a licensed health care professional or other permitted authority under the Federal Controlled Substances Act or under any other provision of Federal law. Controlled substances are drugs and other substances identified under schedules set forth in applicable Federal law provisions.

3. In accordance with law, the term "serious bodily injury" means bodily injury which involves a substantial risk of death; extreme physical pain; protracted and obvious disfigurement; or protracted loss or impairment of the function of a bodily member, organ or mental faculty.

Before a student is suspended and placed in an IAES for up to 45 school days for behavior involving weapons and/or drugs and/or serious bodily injury, the Manifestation Team must conduct a manifestation determination. Placement in an IAES as a result of conduct involving weapons and/or drugs and/or serious bodily injury is not contingent upon a Manifestation Team determination that the misconduct is not related to the student's disability.

1. If the student is or may be placed in an IAES, the CSE shall, as appropriate, recommend functional behavioral assessment and behavior intervention, or review any such pre-existing plan for modification; and

2. A CSE shall determine and recommend an IAES reasonably calculated to enable the child to continue to receive educational services, participate in the general curriculum and progress toward meeting IEP goals and objectives during the period of suspension from instruction.

Dangerous Students

To continue the suspension of a student classified or deemed to be known as having an education disability under IDEA for more than 10 consecutive school days, the School District may commence an expedited hearing before a special education impartial hearing officer to demonstrate that a student is "dangerous" and is substantially likely to cause injury to himself or others if returned to his last agreed upon placement. An impartial hearing officer may order the placement of the student in an interim alternative setting for up to forty-five (45) school days in accordance with 8 NYCRR §201.8 and 201.11.

1. The Manifestation Team shall conduct a manifestation determination within 10 school days of the initial disciplinary action.

2. If the student is or may be placed in an IAES, the CSE shall, as appropriate, recommend a functional behavioral assessment and behavior intervention plan, or review any such pre-existing, plan for modification; and

3. An impartial hearing officer's determination allowing a student's placement in an IAES as a result of dangerous behavior, is not contingent upon a Manifestation Team determination that the misconduct is not related to the student's disability. The IAES placement shall be based upon the CSE's recommendation.

Discipline of Students with Disabilities when the Manifestation Team has made a "No Manifestation Finding"

Where a student with a disability's conduct is found not to be a manifestation of his/her disability he/she may be disciplined in the same manner and to the same extent as non-disabled students. In such instances, the CSE shall meet upon proper notice to determine any appropriate evaluations which must be performed, changes to a student's IEP and to recommend an appropriate IAES where the child can continue to receive educational services, although in another setting, that enable the child to participate in the general education curriculum and progress toward meeting IEP goals and objectives during the period of suspension from instruction. Where a suspension or disciplinary change in placement will exceed 10 school days, the CSE shall conduct a functional behavioral assessment and implement or modify a behavior intervention plan, as well as implement modifications intended to avoid a recurrence of the behavior.

Pendency Placement

CATSKILL CENTRAL SCHOOL DISTRICT

An IAES shall be deemed the student's "stay put" placement for up to forty-five (45) school days, during the pendency of any expedited due process proceedings commenced by parents to contest 1) a finding that a student is not "presumed to have a disability", and/or 2) a finding that the student's misconduct was not a manifestation of the student's disability, and/or 3) a decision to place a student in a CSE recommended IAES for misconduct involving weapons and/or drugs and/or serious bodily injury, and/or 4) the decision of an impartial hearing officer in a dangerousness hearing and/or 5) the appropriateness of an IAES program recommended by the CSE in the context of one of the four categories of action listed above.

Declassified Students

In accordance with law, the CSE must conduct a manifestation determination in the case of a student with an educational disability who has been declassified if the disciplinary matter involves behavioral problems.
